Subject: - Implementation of Nurses Registration & tracking system by the Indian Nursing Council (Live Register).

Sir,

Referring to F. No. 22-10/NUID /2014 - INC dated 8th Sept. 2015, and in regard to the above cited subject, this is to state that a suitable space with proper electrical point, air conditioning and furniture for housing is required as INC has decided to strengthen the IT resources at all the state nursing council in the form of the following Hardware:

1. Two numbers of latest high end desk top machines with pre- loaded windows s/w.
2. One number of card printer (for issuing of Nurse identify card on plastic card).
3. One number of multi - Function laser printer.
4. One number of Pass book printer (for issuing the nurse measure pass book to each nurse indicating the qualification & working details).
5. Two numbers of 1 KV UPS.
6. One Biometric device and web camera (high end).

Further, it may be mentioned that the office memorandum issued by Secretariat Health Department No. 13/5/2015-M dated 25th July 2015 (copy enclosed), that the office room of Manipur Nursing Council is allotted in the eastern middle room at the 2nd floor of the northern block of the old Medical Directorate Building. As such the office room allotted to Manipur Nursing Council is very much congested and old with rhino sheeted walls & sipping roof. As such not in a position to fulfilled the criteria laid down by Indian nursing council for being a council office.

With all the above fact, this is to request to kindly make an arrangement for a suitable space for Manipur Nursing Council within the campus of the Medical Directorate preferably old driver's room at the eastern side of directorate campus.

This is for information & necessary action.

Yours Sincerely,

(Kh. Ratna Devi)
